Dear Mr. Walker,

Thank you for your letter. We are so sorry to have taken a long time to reply but at the moment, we are receiving over 3,000 letters every week and are finding it a little difficult to answer all of them as quickly as we would like!

We have passed on your name and address to Mr. Igoe, the manager of the Mullins Road football team, and if he is able to arrange anything, he will get in touch with you.

We have, in fact, received a great many enquiries from football teams all over the country, who are looking for fixtures, and we are thinking of making a list of their addresses which we could then circulate to all those who wrote to us. If you are interested in this idea and would like your team included, perhaps you would let us know as soon as you can. It is quite possible that there will be some teams on the list nearer your area for you to play against, than the one we had on "Blue Peter".

With best wishes from Valerie, John, Peter and all of us on the programme.

Yours sincerely,

(Geoff Wilson)
